The Woodlands Township
General Fund – Operating Budget Variances
For the Month Ended October 2026

A) Revenues

- Sales Tax – Sales tax collections through October were higher than collections through the same period last year by 7.6% and higher than the budgeted year-to-date amount for 2026 by 3.5%.
- Property Tax – Property Tax collections are 100.19% of the 2025 Tax Levy through October 2026. The favorable variance is due to timing.
- Mixed Beverage Tax – Mixed beverage tax collections through October were higher than collections through the same period last year by 1.7% and higher than the budgeted year-to-date amount for 2026 by 2.7%
- Hotel Tax Transfers - The unfavorable variance is due to actual transfers to the CVB being lower than anticipated.
- Events Admission Tax – The favorable variance is due to tax revenue being higher than anticipated. Ninety percent (90%) of this revenue is returned to the Cynthia Woods Mitchell Pavilion to fund cultural events and education.
- Program Revenues – The favorable variance is due to a timing difference between actual and budgeted recreation program and rental revenue.
- Administrative Fees – The favorable variance is due to a timing difference between actual and budgeted administrative fees.
- Grants and Contributions – The favorable variance is due to unbudgeted grants and contributions.
- Interest Income – The unfavorable variance is due to lower than anticipated interest rates.
- Other Income – The favorable variance is due to the timing between actual and budgeted fire service agreements.
- Other Transfers In – The unfavorable variance is due to the timing between actual and budgeted transfers.

B) General Government

- Board of Directors – The favorable variance is due to a timing difference between actual and budgeted workshops & training.
- President's Office – The favorable variance is due to a timing difference between actual and budgeted department expenditures.
- Legal Services – The favorable variance is due to a timing difference between actual and budgeted contracted legal services.
- Township Secretary – The favorable variance is due to a timing difference between actual and budgeted personnel costs and contracted services.
- Human Resources – The favorable variance is due to a timing difference between actual and budgeted personnel costs and contracted services.
- Finance – The favorable variance is due to a timing difference between actual and budgeted personnel costs.
- Information Technology – The favorable variance is due to a timing difference between actual and budgeted personnel costs and contracted services.
- Facilities – The favorable variance is due to a timing difference between actual and budgeted personnel costs.
- Non-Departmental – The favorable variance is due to a timing difference between actual and budgeted insurance expenditures.

C) Neighborhood Services

- Customer Engagement – The favorable variance is due to a timing difference between budgeted and actual contracted services.
- Law Enforcement Services – The favorable variance is due a timing difference between budgeted and actual equipment expenditures and lower than budgeted contracted services.
- Neighborhood Services – The favorable variance is due to a timing difference between budgeted and actual personnel costs and program expenditures.
- Environmental Services – The favorable variance is due to a timing difference between budgeted and actual personnel costs and program expenditures.

D) Parks and Recreation

- Parks Admin/Planning – The favorable variance is due to a timing difference between budgeted and actual personnel costs and contracted services.
- Parks Operations – The favorable variance is due to a timing differences between budgeted and actual maintenance and contracted services.
- Aquatics – The favorable variance is due to a timing difference between budgeted and actual personnel costs.
- Recreation – The favorable variance is due to a timing difference between budgeted and actual personnel costs and program expenditures.
- Town Center Facilities & Operations – The favorable variance is due to a timing difference between actual and budgeted contracted services.
- Township Events – The favorable variance is due to a timing difference between budgeted and actual department expenditures.
- Streetscape Maintenance – The favorable variance is due to a timing difference between budgeted personnel costs and maintenance expenditures.

E) Community Services

- Covenant Administration – The favorable variance is due to a timing difference of personnel costs and contracted services.
- Streetlighting – The favorable variance is due to a timing difference between budgeted and actual streetlight expenditures.
- Solid Waste Services – The favorable variance is due to a timing difference between budgeted and actual expenditures.

F) Communications

- Communications – The favorable variance is due to timing difference between budgeted and actual department expenditures.
- CVB Staff Services – The favorable variance is due to a timing differences between budgeted and actual department expenditures.

G) Fire Department

- Fire & EMS Management – The favorable variance is due to a timing difference between budgeted and actual personnel costs and computer support expenditures.
- Fire Protection – The favorable variance is due to a timing difference between budgeted and actual department expenditures.
- Fire Dispatch – The unfavorable variance is due to a timing difference between budgeted and actual personnel costs and computer support expenditures.

H) Other Expenditures

- Transportation – The favorable variance is due to a timing difference between actual and budgeted department expenditures.
- Regional Participation – The unfavorable variance is related to the favorable variance in sales tax collections as the amount represents 1/16th of sales and use tax collections paid to the City of Conroe and the City of Houston.
- Event Tax – The unfavorable variance is related to favorable Events Admission Tax Revenue. Ninety percent (90%) of the tax revenue received is returned to the Cynthia Woods Mitchell Pavilion.
- Other Expenditures – The favorable variance is due to a timing difference between budgeted and actual miscellaneous expenditures.

I) Transfers

- Convention & Visitors Bureau – The favorable variance is due to transfers being less than budgeted as a result of a timing difference between budgeted and actual CVB expenditures.
- Capital Projects – The unfavorable variance is due to higher than budgeted capital project transfers.
- Transportation – The favorable variance is due to transfers being lower than budgeted as a result of a timing difference between budgeted and actual Transportation Fund expenditures.
