**Bike The Woodlands Coalition celebrates National Bicycle Month—Bike to Work on May 13**

THE WOODLANDS, TEXAS (May 2, 2014) – A group of volunteers have come together to form the Bike The Woodlands Coalition. This organization encourages individuals to continue to make The Woodlands a bicycle friendly community – *creating a better community through bicycling*.

By creating Bike to Work Day in 2013, this group has promoted health, bicycle safety and awareness to the community. During the second annual Bike to Work Day on Tuesday, May 13, 2014, from 7 to 9 a.m. the coalition of residents along with organizations will be hosting the event at the Starbucks at 3000 Research Forest Drive. Residents are encouraged to ride their bicycles to this event while on the way to work. Starbucks will be providing drinks for attendees at a discounted price, so please visit the sponsor tent at the event for more information. Bike to Work Day is co-sponsored by The Woodlands Township.

For more information, please visit [www.thewoodlandstowship-tx.gov/bicycling](http://www.thewoodlandstowship-tx.gov/bicycling).
