## **The Woodlands Township to host Water Safety Week at pools**

THE WOODLANDS, TEXAS (June 18, 2019) – The Woodlands Township invites residents to celebrate Water Safety Week at the Township pools beginning Monday, June 24, 2019, through Friday, June 28, 2019. Water Safety Week focuses on the importance of learning life-saving skills that help to prevent water-related accidents and fatalities.

Teaching children about water safety is vitally important, particularly during the summer months when families are spending a great deal of time in or near pools and bodies of water. The Township will host a number of water safety programs for children throughout Water Safety Week with presentations by members of the Township Aquatics department. The programs will also include a short lesson on water safety, time in the water to practice water skills and games with Josh the Otter. The programs are free and open to the public.

### **Schedule of Programs**
