Solid Waste Services Delayed

THE WOODLANDS, TEXAS (January 6, 2022) – Waste Management has reported service delays for Wednesday, January 5 through Friday, January 7, 2022. Staff shortages due to COVID are causing the delays.

To service all homes this week, Waste Management will collect as late as 7 p.m. Some routes may not be completed until the following day, with some Friday, January 7, 2022 routes extended to Saturday, January 8. Please leave recycling, trash and yard waste containers at the curb until service has occurred.

If your carts have not been serviced within 24 hours of the end of your regular service day, please notify Waste Management at 800-800-5804.

This delay will not affect hours of operations for The Woodlands Recycling Center, 5402 Research Forest Drive. The Center operates Wednesdays, 4 to 7 p.m. and Saturdays, 9 a.m. to 2 p.m.

Delayed service may continue through the week of January 10 and beyond. To stay updated, please sign up for alerts at www.thewoodlandstowship-tx.gov/notifyme, follow our [Facebook page](#) or view the [website](#).
