THE WOODLANDS TOWNSHIP PUBLIC SAFETY REPORT

• CRIME CATEGORIES OF NOTE

THE WOODLANDS TOWNSHIP PUBLIC SAFETY REPORT

- I. During 2021 when I presented to you, each time I would mention the rising trend of Fraud Schemes and Scams that residents are falling prey to. I am pleased to announce that they are down, but we still have residents who will be deceived into sending funds usually via gift cards to criminals, many of which are in foreign countries.
- II. Starting the fourth quarter, we saw an increase in catalytic converter theft. While we have made multiple arrests, we find that many are currently out on bond for other crimes from Harris County. We continue to target this criminal activity and while we make arrests, we find that some times a new “crew” will replace those we arrested. I would like to share that we participated in several multi-agency initiatives with our partners, these initiatives were productive.

THE WOODLANDS TOWNSHIP PUBLIC SAFETY REPORT

- III. Each year around the holidays we have an increased number of individuals who solicit in parking lots of commercial retail establishments. While we are a community of compassionate individuals, there are those who also prey upon that generosity. There will be an article coming out in the February Woodlands Magazine, to remind residents that while we are giving for the right reasons, we could unwittingly be encouraging or supporting addiction, human trafficking, or other nefarious activities.
- IV. We have wonderful Non-Profit Organizations who are great partners that we use to help those in need. They have a process to ensure your donated dollars are being used to help someone in need and not to fuel criminal activity. If you want to help please consider supporting one.
