**Township issues statement about Grogan’s Mill Village Center**

THE WOODLANDS, TEXAS (May 17, 2023) – With major announcements made this week regarding the Grogan’s Mill Village Center, The Woodlands Township has issued the following statement:

“The revitalization of the Grogan’s Mill Village Center is a high priority for this Board of Directors,” said Township Chairman Dr. Ann K. Snyder. “Community feedback will be important to this process, as well as the preservation of the Farmer’s Market and new public spaces for residents to enjoy. We look forward to working with Montgomery County Precinct 3 Commissioner James Noack, The Howard Hughes Corporation and others on a collaborative process that includes community input. Together, we will restore community pride in The Woodlands’ first village center.”
