**Bike The Woodlands Day was celebrated on May 17, 2013**

THE WOODLANDS, TEXAS (May 17, 2013) – A coalition of residents and organizations in The Woodlands hosted an informal get-together to celebrate “Bike The Woodlands Day” at Starbucks, located at 3000 Research Forest Drive, on Friday, May 17, 2013, from 7 to 9 a.m.

Bike The Woodlands Day was co-hosted by The Woodlands Cycling Club, The Woodlands GREEN, Houston Advanced Research Center (HARC) and the Easy Riders Bike Group. The Woodlands Township Board of Directors Proclaimed Bike The Woodlands Day at a recent meeting.

Ideas were shared and support was shown on how to continue to make The Woodlands a great bike-friendly community, according to event organizers. “The turnout of cyclists of all interests was beyond our expectations, and the sharing of experiences and ideas will be very helpful,” said David Hitchcock of HARC, one of the event organizers, and an avid bike commuter.
