The Woodlands Township Transit Plan Presentation at January 22 Town Hall Meeting

THE WOODLANDS, TX (January 10, 2014) — As part of The Woodlands Township’s agenda for their January 22, 2014, Town Hall meeting, a team engaged by the Houston-Galveston Area Council (H-GAC) will discuss the fresh look at transit currently underway for the area. The Woodlands Township Transit Plan covers The Woodlands and surrounding areas of South Montgomery County and North Harris County.

The Town Hall meeting starts at 7 p.m. at The Woodlands Township’s Board Chambers Room 2801 Technology Forest Blvd. The consultant team’s project manager, Chris Proud of Steer Davies Gleave, will give the presentation, which describes the study's purpose, study area and examples of the potential range of transit options or improvements to be considered. The presentation will be followed by a facilitated question/answer/input session.

Prior to and following the Town Hall meeting, members of H-GAC and the consulting team will staff a series of boards in the lobby providing background on the study. Meeting attendees will have an opportunity to identify potential transit improvements they believe should be considered through the study. Attendees will also be encouraged to visit the project’s website, <http://montgomerycountymobility.com/woodlands-transit-plan/> for updates and to take a survey.

For more information on The Woodlands Township Transit Plan, contact Carlene Mullins, 832-681-2585, carlene.mullins@h-gac.com, or Thomas Gray, 832-681-2545, thomas.gray@h-gac.com.
