Second Annual Bike The Woodlands Day Is Ready to Ride

Celebrate Bike The Woodlands Day on Tuesday, May 13th. The fun starts at 7:00 a.m. as riders and other participants arrive. Employers are being encouraged to also celebrate this day as Bike To Work Day. The event is open until 9 am, but people can stay to continue talking about cycling in the community. Display tents will feature community organizations, local bike shops, cycling groups, and The Woodlands Township. Come by on your bike if you can; if not you are still welcome. Bicycling is an increasingly popular way of getting around The Woodlands, whether to work or to ride with family and friends. We all share our nearly 200 miles of pathways and the miles of bicycle friendly roads. The bike day event is being hosted by the Bike The Woodlands Coalition, The Woodlands Township, and Starbucks. Please be safe, wear a helmet, and ride responsibly. The Woodlands is a Bicycle Friendly Community, and we strive to make it a better community through bicycling.

Employers in The Woodlands area are invited to celebrate Bike To Work Day on May 13th

Employers in The Woodlands are being invited to recognize Bike To Work Day on May 13th as a twin event for Bike The Woodlands Day. The Woodlands Township has proclaimed this day as the official time to recognize the benefits of cycling in and around our community. To celebrate, people to enjoy cycling will be gathering from 7 a.m. to 9 a.m. at the Starbucks on Research Forest Drive at New Trails. Whether on the way to Town Center or other work locations, this can be a great stopping point. Bicycling is an increasingly popular way of getting around The Woodlands, including commuting. Increased bicycle commuting can help reduce traffic congestion while cyclists enjoy a healthier, less stressful work trip. We all share our nearly 200 miles of pathways and the miles of many bicycle friendly roads. This event is hosted by the Bike The Woodlands Coalition, The Woodlands Township, and Starbucks. Be safe, wear a helmet, and ride responsibly. The Woodlands is a Bicycle Friendly Community.
