The Woodlands launches resident survey

THE WOODLANDS, TEXAS (July 30, 2014) – The Woodlands Township traditionally conducts a survey of The Woodlands residents approximately every two years for purposes of obtaining resident opinions of services for use as a budgeting and planning tool, and will begin conducting the 2014 survey in early August.

The 2014 survey will have a slightly different approach from previous surveys as data will be gathered via telephone, cell phone, mail and email, thereby reaching all demographics within The Woodlands. Previous surveys were conducted by landline telephone only.

The Township has contracted with Public Research Group from Naperville, IL, to conduct the survey. The survey process is expected to be complete in the fall, and results will be posted online on the Township's website.

If you are selected for the survey, please take the time to complete the survey as your input will influence future decisions made about The Woodlands Township. Please note there are NO questions about credit card numbers, social security numbers or bank accounts.

For additional information, please visit www.thewoodlandstowship-tx.gov or call 281-210-3800.
