Share your input with the Township for Pedestrian and Bicycle Master Plan

THE WOODLANDS, TEXAS (September 7, 2016) – The Woodlands Township is seeking public input for its Pedestrian and Bicycle Master Plan. The plan proposes improvements to off-road and on-road facilities such as pathways, trails, bike lanes, shared lanes, multi-use pathways and other facilities to safely connect neighborhoods and destinations and encourage walking and bicycle travel. The Woodlands Township has contracted with engineering firm Jones and Carter for completion of the plan.

An online version of the plan can be found at www.thewoodlandstowship-tx.gov/ped-bike-plan, and hard copies are available for review at the local libraries and in the lobby of The Woodlands Township's main office at 2801 Technology Forest Blvd., 77381.

Comments, questions or concerns may be submitted to John McGowan at The Woodlands Township via e-mail at jmcgowan@thewoodlandstowship-tx.gov or by calling 281-210-3800. Hardcopies may be delivered to 2801 Technology Forest Blvd. The Woodlands, TX 77381 ATTN: John McGowan, or entered by taking the online survey at www.thewoodlandstowship-tx.gov/ped-bike-plan. Please send comments during the comment period of September 9, 2016, through September 23, 2016.

Individuals, as well as associations and organizations are encouraged to provide feedback. This will ensure that a comprehensive and thorough assessment of project recommendations is provided to the consultant team for review.

The Township looks forward to receiving your feedback and proceeding with the finalization of The Woodlands Township Pedestrian and Bicycle Master Plan.

For further information, as well as to take the survey, please visit www.thewoodlandstowship-tx.gov/ped-bike-plan. The Township may also be reached at 281-210-3800.
