The Woodlands Township launches resident survey

THE WOODLANDS, TEXAS (October 14, 2016) – The Woodlands Township traditionally conducts a survey of The Woodlands residents approximately every two years for purposes of obtaining resident opinions of services for use as a budgeting and planning tool, and will begin conducting the 2016 survey in the coming weeks.

The Township has contracted with National Research Center, Inc., to conduct the survey, which centers on community livability and includes questions about the quality of life in the community, local policies, demographics, rating of local government services and resident use of services.

Randomly selected households within The Woodlands geographic boundaries will receive an invitation in the mail requesting their participation. Responses are completely anonymous and there are no questions about credit card or bank accounts. The survey process is expected to be complete later this year, and results will be posted on the Township website.

If you receive an invitation, please take the time to complete the survey as your input will influence future decisions made about The Woodlands Township.

For more information, please visit www.thewoodlandstowship-tx.gov, or call 281-210-3800.
