

**Drainage Task Force Meeting
Tuesday, October 24, 2017 – 3:30 p.m.**

**The Woodlands Township
2801 Technology Forest Blvd**

Agenda

1. Call meeting to order
2. Task Force Chairman – Opening remarks
3. Overview of Township areas that incurred structural flooding damage during the 2017 Hurricane Harvey flood event.
4. Review actions taken by the Montgomery County Commissioners Court requesting a federal grant for the study of all watersheds in Montgomery County, including Spring Creek and its tributaries. (A resolution of support from The Township Board of Directors is included in the packet materials.)
5. Consider a presentation by representative from the US Army Corps of Engineers (USACE) on topics related to flood risk assessment and management, and discussion of applicable USACE authorities and programs.
6. Updates from Drainage Task Force Partners on Harvey impacts to operations and drainage systems
 - a. Woodlands Joint Powers Agency (WJPA) – Montgomery County MUD’s
 - b. MUD 386 – Harris - Montgomery County
 - c. San Jacinto River Authority (SJRA)
 - d. Harris County Flood Control District (HCFCD)
 - e. Montgomery County
7. Review of Township proposal to retain the services of an independent consulting drainage engineer
8. General updates from Drainage Task Force Members
9. Public comment
10. Establish date and time for the next meeting
11. Adjourn meeting
