

The **One Water Task Force** chaired by Director Bruce Reiser met on October 27 via videoconference and will meet again on December 15 at 3:30 p.m. Meeting Summaries are posted on the Township web site. <http://www.thewoodlandstowship-tx.gov/170/Boards-and-Committees>

The pedestrian bridge over Panther Branch on the **Grogan's Mill Nature Trail** between the Grogan's Mill Village Center and Grogan's Point has been **closed for safety precautions**. The bridge's foundation piers recently dropped approximately eight inches into the creek creating structural failure of the support structure.

LandPlan, a local engineering firm who developed the designs used in the two other bridge renovations on this trail, is reviewing the issue and will submit options for consideration. Based upon previous bridge repairs, the estimated repair cost for this bridge is \$200,000. The bridge was scheduled for renovation in 2022 with Capital Reserve Funds and design costs were funded in 2021.

A detour around the bridge using the adjacent golf course cart paths is underway at the time of this report.

COVID-19 Testing - Montgomery County Public Health has established an online registration program for its voucher program for people that are both symptomatic and asymptomatic. The testing is for Montgomery County residents only. <https://www.mchd-tx.org/> or <https://mcphd-tx.org/>

COVID-19 Testing - Harris County Public Health offers free testing regardless of residency at sites located across Harris County. The locations are managed by various agencies.
