WHICH TREE IS GOOD FOR ME?

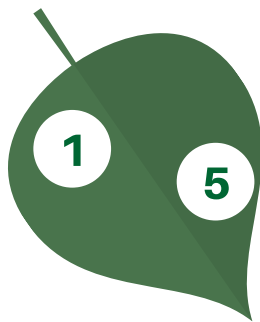

Use this handy guide, then match to the number on the other side

I need a **LARGE** tree that is...

drought tolerant

fast-growing

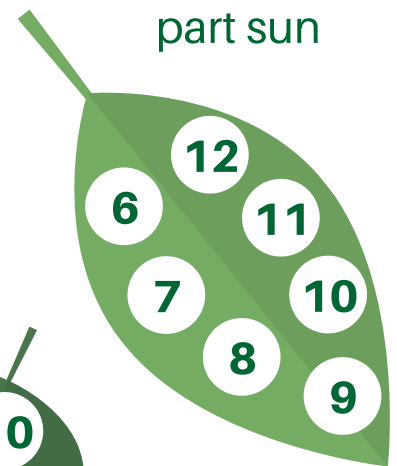

I need a **SMALL** tree for...

full sun

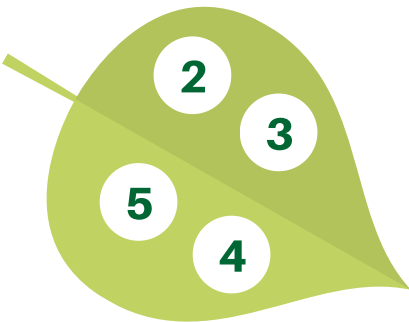

part sun

I want fall color...

big tree?

small tree?

I want to feed pollinators

Look for the caterpillar icon

These are host plants - the leaves feed caterpillars that become butterflies or moths

Look for the bee icon

These plants produce nectar that attracts bees, butterflies & other nectar-lovers

I want more help!
