FIELD CLOSURE PROCEDURE

It is the intention of the Township to make every effort to leave the sports fields open for use; however, weather can impact this ability. Use of a wet or saturated field (natural grass) may cause extensive damage resulting in field closures and maintenance. One day of use on a wet field can generate weeks of recovery time, which may have adverse impacts on the general public and other field users.

The Township sports fields may be closed for the following reasons:

- Inclement weather;

- Poor or unplayable field conditions; and
- Refurbishment, maintenance or renovations.

Prior to making a determination, fields are reviewed for the following:

- Sloppy surface;
- Trip hazards;
- Unstable/mushy surface; and
- Other unsafe conditions.

Other questions to review include:

- What will the weather be like in the next 4/6/8 hours (wind, rain, temperatures)?
- Are we in respective sports pre-season, post-season or regular season?
- What type of activity is being played on this field- soccer, lacrosse, rugby, softball?
- What ages of play is being played- youth, high school, adults, etc.?
- How large are the groups using the fields- small, medium, large?
- How many days have the fields already been closed?
- What is the future (next day, next two days) weather forecast, and will we also need to close the fields tomorrow or the day after?

For closure of fields and subsequent cancellation of programs, a field report will be released by a Township representative no later than 3:30 p.m. Monday-Friday and 7 a.m. on Saturday and Sunday. All-weather turf fields are always open, unless there is significant ice or park flooding.

For field status weather reports, please call 281-210-3977.

Due to the extensive tennis programming, public reservations for courts will be accepted for the identified season on the following dates which correlates to the community's Action Guide schedule.

All documents submitted to the Township are certified as accurate and final and may not be modified or additional documents submitted if the submittal deadline has passed.

The filing and roster submittal deadline is May 1st of each year for the next field year and meetings with prospective and approved Qualified Organizations to take place during the month of June. All dates are approximate and subject to change by the Township.
