SCOPE OF SERVICES

Background

The Township is a political subdivision and a special purpose district of the State of Texas, created organized and operating pursuant to the provisions of Chapter 289, Acts of the 73rd Texas Legislature, Regular Session, 1993, as amended. The Township provides public transportation via three Park & Ride lots within the Township. The Township is a recipient of FTA and Texas Department of Transportation (TxDOT) funds. This project may be financed jointly by local and federal authorities, including the FTA and TxDOT.

The Woodlands is one of the fastest growing residential and employment centers in the greater Houston-Galveston region. With a current population of over 110,000, the Township's residential population at build out is expected to be approximately 130,000. The Woodlands is also experiencing explosive growth in retail and office development in the Town Center and outlying areas. This accelerated growth is creating mobility and congestion challenges, primarily within The Woodlands Town Center.

The Township is located in the unincorporated areas of Montgomery and Harris Counties. The Township is authorized to impose and collect sales and use tax, hotel occupancy tax and property tax, and provides a wide range of municipal services. These services are considered value-added services, as they are enhancements to basic service levels provided by the other governmental organizations, such as Montgomery and Harris Counties. The Township is governed by a seven-member elected Board of Directors that meets twice each month to conduct the business of the Township.

On October 1, 2012, The Township, the City of Conroe, and parts of unincorporated Montgomery County were included in a new large, urbanized area (UZA) formed by the U.S. Census Bureau. The Township and the City of Conroe were named as dual designated recipients for Federal Transit Administration (FTA) grant funds for The Woodlands-Conroe UZA. By agreement, the Township is responsible for the performance and financial viability of certain public transit operations for the southern portion of the UZA and the City of Conroe is responsible for certain transit operations for the northern portion of the UZA.

The Township, as an FTA-designated direct recipient of federal funding, receives grant funding and provides transit operations and services which include:

1. A park and ride operation (The Woodlands Express) that operates from three community locations with 25 coaches providing round-trip transportation from The Woodlands to four (4) Houston employment centers weekdays Monday through Friday. Approximately 550-800 riders per day use this service, which is operated by the Township through a Commuter Bus Operating contract with First Class Transportation. Users are charged a fare for this service.

2. A rubber-tired trolleybus operation (Town Center Trolley) consisting of six (6) trolleys providing fare-free transportation service to business locations and residences in The Woodlands Town Center and Hughes Landing areas. This service operates daily and offers service on a fixed route within the Town Center area and is complemented by ADA Paratransit transportation service.
